With every minister in Washington ready to speak on the whirlwind campaign to raise a building fund for the Young Women's Christian Association. today is recognized as "Y. W. C. A. day" in the local churches. All have been appealed to by the committees in charge of the campaign to explain the need of a new and suitable building for the asso-

The 250 campaigners who are raising the fund for the building to be erected at 13th and I streets northwest yesterday reported a total collection for the day of 29,771. This, added to the amount previously announced, jumped the total to date up to \$73,292,58—a splendid record, the friends of the campaign believe, in view of the fact that only three actual working days have elapsed since the subscription books were opened. The campaign is to close at midnight May 13, and the workers will begin tomorrow with renewed energy collecting subscriptions.

Progress Noted on Dial.

Thousands of persons have stopped in F street during the last few days to stare at the huge campaign clock hung in ront of the Y. W. C. A building, at 12th and F streets. The face of the clock is sixteen feet in diameter. Each minute and hour indicated on the dial means so many thousands of dollars subscribed, and the big hand is moved forward daily so as to keep the public informed of the course of the campaign.

The women's committee is still leading men are coming ahead fast, and have promised to overtake the lead of their rivals, gained in their flying start. Eldridge E.
